The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 and 13-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Bertoni '175.

The elongated member is either of 27a or 27b, as they are integral they meet the "adapted to be attached" limitation. The "mounting member" is either of 31 or 41, both of which meet claim 1, clause (b).

Claims 4-8 and 17-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 9-12 are allowed.
